In the second act, Harry Levan and Frankie Heath had a piano specialty with Levan at the piano, and this seemed to please the audience better than anything else to judge from the number of encores which they received. Altogether, this is one of the best enter-tainments playing a buriesque circuit, as it is a clean-cut show from beginning to end.

Fossita, the grotesque clown, does some remarkable playing on the planoaccordion, of which he is an unmistakable virtuoso. Madelyn Nash, an attractive young girl, with a high soprano voice, sings some sweet ballads, and Lloyd and Hayden, in a sketch called "The Agent and the Girl," introduce some novel and graceful dancing. In addition to the Pathe Weekly Review, the new film showing "The Analysis of Motion," taken by the ultra-rapid camera at the rate of 1,200 exposures a second, is an interesting and wonderful contribution to the motion picture offerings.

Eyeglasses Are Merely Eye Crutches

Eyeglasses Are Mercly Eye Crutches.

A book has been written by Dr. Corish, an eminent New York physician, on eyestrain and other eye disorders which cause so much trouble to those afflicted, including the need of wearing eyeglasses or spectacles.

This treatise explains a simple, safe, self, home-treatment method whereby one who wears eyeglasses, or fears the need of soon doing so, may gradually strengthen the nerves, muscles and membranes of the eyes until they are in so much better condition that "opticians" windows" are unnecessary. Any one who reads the book soon realizes that Dr. Corish has given the world what it has long desired—a system of eye saving that is absolutely dewold of belladonna, opium, atropine or other harmful drugs, commonly used in eye remedies, and which depend chiefly upon the finer principles of nature.

Dr. Corish has written enthusiastically, yet carefully. He comes forward with the edict that eyeglasses must go. His slogan is

Rheumatism A Home Cure Given by One Who Had It

A Home Cure Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; aimply mail your name and address and I will san't feet to try. If, after you have used it and it has proven itself to be that long-londed-for means of curing your Rheumatism, you may send the price of n. one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send r. Isn't that fair? Why suffer any longer when positive relief is thus effered you free? Don't delay, Write to-day.
